

# Product Safety Recall

## Septone Fibreglass Repair Kit

**Sold 1 July 2020 – 27 August 2020**

### Fibreglass Repair Kit

Product code - ABFR2

**Defect:** Products can leak from the cap of the bottle.

**Hazard:** Leaking product is flammable and may cause skin and/or eye irritation.

**What to do:** Consumers should contact ITW Polymers & Fluids, the manufacturer (using the contact details below), to arrange for the products to be collected, and for a store credit or refund to be provided.

Consumers are advised to immediately stop using the products. Consumers are advised to place the affected product in a securely fastened plastic bag and then place in a secondary container and store in a safe place until collection can be arranged. When handling the products, consumer should wear gloves and eye protection. Consumers should thoroughly wash their hands after handling the product, even if there is no obvious sign of leakage.

**Contact details:** For further information, contact **ITW Polymers & Fluids** by phoning **09 272 1945** or emailing [sales@itwpf.co.nz](mailto:sales@itwpf.co.nz)
