

# Product Safety Recall

## SCA 1.6 Amp 3 Stage Battery Charger

The product is a black, 3 stage, direct plug-in battery charger with various output leads.

The affected units can be identified by the brand: **SCA** marked on the front, and the model number **SCA12V1.6A-2** and the batch number printed on the plug side of the device, as per the images above. This recall is limited to 4 batches sold from Dec 2021 to Nov 2022, those being “**Q042021, Q062021, Q122021 and Q062022**”.

Sold at Supercheap Auto stores between Dec 2021 to Nov 2022.

**Defect:** The protection circuitry of the product is not compliant with AS/NZS Standards. This can cause the output connector of the battery charger to become live.

**Hazard:** Risk of electric shock, which can cause serious injury or death.

**What to do:** Consumers should immediately stop using the battery charger and return it to the nearest Supercheap Auto store for a full refund. To find the nearest store, consumers can visit <http://www.supercheapauto.com.au/store-locator>

**Contact details:** For more information, contact Supercheap Auto:
